SOUTHERN DAILY MAIL LINE for Norfolk, Charleston, S. C., Petersburg, and Richmond.—The steamboats ALABAMA, KENTUCKY, and JEWESS, all boats of speed and accommodation, will commence running daily on the first April, between Baltimore, Norfolk, and Portsmouth, leaving the lower end of Spear's wharf every afternoon at 2 o'clock, or immediately after the arrival of the cars from Philadelphia, and will arrive next morning at Portsmouth in time for the ears for Wilmington, and thence steamboats to Charleston. Returning will leave Portsmouth every day after the cars arrive from the South, and reach Baltimore next morning in time for the cars for Philadelphia.

These boats run in connection with the well known steam packets Georgia and South Carolina which leaves Norfolk every Saturday for Charleston, giving travellers a choice. They also run in connection with the James River boats to Petersburg and Richmond. Strangers are informed (old travellers know) that this is the cheapest and most comfortable route for southern travellers, as there are no changes from cars, steamboats, and stages in the dead of night, as on the Washington route. The company therefore hope the travelling part of the community will patronise them, in giving equal facilities and superior comfort.

New York, 30th January, 1806.

Dear Sir—The great benefit I have received from your professional attendance upon me, since my sight become impaired from a severe attack of the measles 18 years since, succeeded by that malady named by physicians Opthalmia Tarsi, demands from me an acknowledgment in terms much stronger than I am capable of expressing. As you propose giving some public references and testimonials on the subject of your peculiar mode of treating diseases of the eye, I have no objection that you shall say, on my part, that I have the utmost confidence in your ability to remove any curable disease, and by means, too, which would scarcely inconvenience even the most delicate and timid.

Nours, respectfully, CHARLES G. KETCHUM, 71 William st. New York To Dr. Whoeler, Ocalist, 33 Greenwich st. N. Y.

Bir—Among the individuals to whom you may refer for proof of your skill and ability as an Ocalist, I am quite willing you shall add my name, having had sufficient evidence in the case of my little daughter, of the safe, teader, and efficacious manner in which you treat diseases of the eye. From a blow which she unfortunately received, one of her eyes not only became dangerously inflamed, but was covered with a firm, which alarmed me and other members of the family. By a timely application to you, however, you completely cared her in a very few days, and with very little inconvenience or pain. As regards your Balsam of Moscatello, the benefit that it afforded my family during the last summer, was such as to warrant me to resommend it for any child troubled with relaxed bowels.

Respectfully yours, &c.

IMPORTANT

The Minise Question:—Proparation for War!!

(G)—At this mement, when we are perhaps on the eve of a War with England, it becomes the duty of every one to enquire how far this may personally consern minist. It is a self-evident fact, that an enormous advance on English manufactured goods will be one of the consequences of such an event. And in no article will it be more heavily felt than on English eloths. It is therefore hardly necessary to point out the policy of all and sundry providing themselves with a sufficient supply of clothing. PHILIPS well known Cash Tahoring Establishment, 106 William, corner of John street, presents an opportunity of obtaining a first rate garment, equal to any, and surpassed by none, in the city, for materials, make, and price.—The astonishing patronage which this establishment has experienced, is a sufficient indication of public judgment. And the proprietor, having made such arrangements for the ensuing season as wild, he hopes, insure and merit a continuance of such. The system adopted is alone peculiar to this establishment. Parchases are made direct from manufacturers in England, thereby avoiding the accumulated profits of importers and jobbers, consequently reducing the price of the article to such an extent as to enable him to employ none but first rate workmen; whereas those differently situated are compelled to employ inferior workmen, in consequence of buying at second or third hands. And those establishments which give long credits, as a result, incur many unavoidable losses, and are obliged to make sheir cash customers suffer sufficient profits for running such risks.

The advertiser deems it unnecessary on his part to give a list The Maine Question!—Preparation for War!

The advertiser deems it unnecessary on his part to give a list of prices so much practised, as it is too often deceptive. He confidently relies on one trial, being sufficient to merit a continuance of the favors of those who may give him a call.

It must not be imagined that buying and selling merchandize are all the transactions that take place in business. CELEBRATED EYE
WATER.

DR. J. FRANCIS'S celebrated Eye Water is adapted to all inflamatory diseases of the eye. It has been tried, and has succeeded in caseswhen hope had fied, and when the faculty of medicine had de-clared the sufferer to be incurable. It is adapted to weakness of sight and will remove those nebulous, scaly, dead, cloudy appearances, frequently known by the name of Catarnets. Eyes that have heen diseased for years, this Eye Water has made a perfect cure in a few days.

CERTIFICATES.

From the Rev. Mr. Davis, pastor of the Church at Budgeville, N. York.

From the Rev. Mr. Davis, pastor of the Church at Budgeville, N. York.

This is to certify that a poor man, whom I have been acquainted with for some time, and after spending nine months in an sye infirmary was discharged by the Physiciane of the Institution, with what they termed an incurable Cataract, so that he was nearly blind; a trial of Dr. J. Francis's remedy, three bot tlee only being used, removed it to the surprise of all who knew him, and now he can see with that eye as well as ever he did, I feel it my duty to give this information for the benefit of the public.

feel it my duty to give this information for the benefit of the public.

A Gentleman by the rame of Brady, having a Catarast on each eye, after spending eighteen months with some of the first Oculists in the city, was given up as incurable. After using Br. Francis's Eye Water only ten days, his eyes were perfectly restored, to the astonishment of all his acquaintances.

Another case was that of a poor man, after spending twelve months in an eye infirmary, was discharged as incurable with a nebula on each eye. So that he was almost blind—and after using Dr. Francis's Eye Water but a few days, has recovered his sight perfectly.

The Rev. J. Harrison, 44 Thempson Street, having procured a bottle of the above for Mrs. Harrison's eyes—says to his astonishment, it has removed the dismess and pain, which had been excessive for years—she had used many different eye waters, but they all failed, therefore, I hope the public will soon appreciate its value.

The Rev. D. Dunbar says, from the testimony of those whe have used the Eye Water prepared by Dr. J. Francis, I have so have used the Eye Water prepared by Dr. J. Francis, I have so hesitation in recommending it to the special notice of the public, as an mestimable remedy.
